

McGuffy

Distribution

One Source For All Your Filtration & Industrial Supply Needs

McGuffy Distribution sources and delivers products, parts, and supplies required to construct and maintain the operation of plants, process, production and transportation assets. We focus on the industries that are integral to our nation's productivity: Oilfield, Refining, Chemical, Pipeline, Electric Power, Water Treatment, Process Plants, Shipping & Marine and Manufacturing.

We accomplish this by seeking out, evaluating, and building relationships with proven manufacturers, wholesalers and mills who offer superior quality, best pricing and delivery.

In the role of supplier, custom fabricator or logistics partner, McGuffy Distribution's goal is to reduce workload and lower our

Now a Distributor for
OC Turboexpanders

Filters & Filter Housings

McGuffey Manufactures & Fabricates Air Filters & All Sizes of Air Filter Housings: *McGuffey is renowned for the design and fabrication of complete inlet filter systems together with turbine housings, silencers and exhaust stacks.*

- M-80 Filter Viscous Impingement Pad Media
- PP-24 Filter Resistant Cellulose Paper Media
- PH-24 Filter Rigid Natural Fibers Media
- M-81 Coalescer Pad - Non-woven Water Resistant Polyester Media
- TURBOCELL XL - Micro Glass Media with Aluminum Separators
- Extended Surface Synthetic Filter - Thermally Bonded Synthetic/Organic Fibers
- Permanent Metal Washable Filter - Multiple Layers of Wire Screen Mesh
- Filter Frame Assemblies
- Filter Frame Screens
- Gaskets
- Flex Seal Kits & Clips

Oil Filters & Systems

Hilgard

- High Quality Synthetic
- Standard Synthetic
- High Pressure
- Pleated Paper
- Dryer Cartridge
- Disc Cartridge
- Fullers Earth Cartridge
- Activated Alumina
- Selexsorb Cartridge
- Mist Eliminator, Coalescer, & Separators
- Pleated Screen Cartridge
- Pleated Strainer Baskets

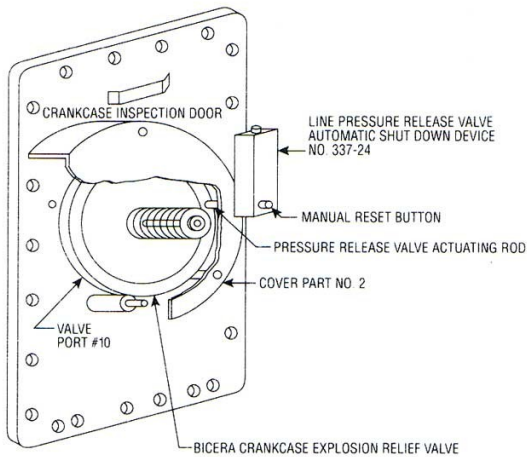

- Lube Fittings & Accessories
- Industrial Pumping Equipment
- Centralized & Automated Lube Systems
- Heavy Industry: Steel, Cement, Glass, Chemical Plants & Utilities
- Eliminate Bearing Failures

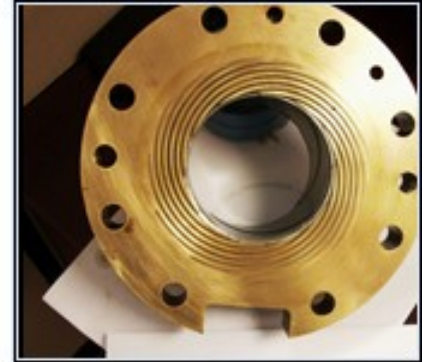

BICERA Valves

- Explosion Proof Valves and Doors, (4" to 16")
- Automatic Shut Down Device, (Explosion Activated)
- Spare parts
- Modular Lube Valves
- Service Kits
- Detachable Valves For Crankcase Inspection
- Disassembly Tools & Pressure Cylinders
- Manifold Pressure Relief Valves
- BICERA OEM Replacement Valves

O.C. Turboexpanders offers complete design and manufacturing of Turboexpander packages, auxiliary systems, PLC-based control systems, and other related equipment for the petrochemical, power generation, and air separation industries.

Turboexpander Capabilities

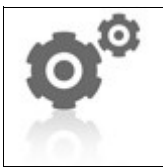

O.C. Turboexpanders offers complete design and manufacturing of Turboexpander packages, auxiliary systems, PLC-based control systems, and other related equipment for the petrochemical, power generation, and air separation industries.

Turboexpander Products

O.C. Turboexpanders designs and produces a complete range of superior quality, turboexpander products. With a total of over 200 man-years of experience in Turboexpanders, our highly experienced engineering and manufacturing teams, employing innovative development and fabrication techniques coupled with state-of-the-art measurement and machine tools, have made us an acknowledged global leader in turboexpander solutions with unmatched efficiency and stellar reliability.

Turboexpander Services

O.C. Turboexpanders is committed to continually meeting and exceeding the global needs and expectations of its customers with the highest quality products and services. We will do so through a unique combination of skills, experience, and core competencies, with the attitude that customer satisfaction is the ultimate goal.
