Deaerator tray tank and storage tank during Hydrotest.

Deaerator tray tank and storage tank during shipment preparation.

Unit:	Deaerator Tray Tank and Storage Vessel
Use:	Power Plant
Location:	United States
Requirements:	ASME Section VIII Division 1

Pictured is the tray tank and storage vessel of a deaerator system. McGuffey Energy fabricated these vessels for a deaerator manufacturing firm and prepared them for shipment. The storage tank was cut in half and weld prepped to ease installation on site.
